

## KANOPY

A new streaming movie service is now available to Des Moines Public Library cardholders!\* Check out Kanopy, available **for free** on your computer, phone, tablet, Roku and smart TV, and other devices.

Kanopy specializes in independent films, documentaries, and TV series. This includes recent award-winning films, like *Lady Bird* and *Moonlight*, as well as classics, such as *Chinatown* and *The 400 Blows*. Kanopy also features portions of the Criterion Collection. It's like bringing the Sundance Film Festival right to your living room.

Cardholders have 10 credits per month, and each movie or TV series typically costs one credit. Kanopy also offers Kanopy Kids, a massive collection of educational TV shows, read-along books, and fun family movies. The entirety of the Kanopy Kids collection is available for zero credits – hours of entertainment that's both fun and educational for the little ones.

"We are excited to be offering this wonderful streaming service at no cost to our cardholders," says Susan A. Woody, Des Moines Public Library Director. "The library is constantly looking to add relevant, new entertainment and education tools and services for our patrons, and we believe Kanopy is a great addition to the many digital options we already provide."

Kanopy is already one of our most popular services. Together with Libby, the library's eBook and eAudiobook app, it's a great way to take advantage of what the library offers anywhere you go. Go to [dmpl.org](http://dmpl.org) to learn more about using your library card to download, stream, and take your library on the go with you!

*\*Cardholders must reside within the city limits of Des Moines or in rural Polk County to be eligible to access Kanopy.*

## ALA GRANT BRINGS NEW JOB TRAINING COURSE TO NORTH SIDE LIBRARY

**Thursdays, 2:00 PM,**  
North Side Library

This spring, the Des Moines Central Library hosted Grow with Google Iowa, a day of

free digital skills workshops and one-on-one coaching to small business owners, entrepreneurs, nonprofit employees, educators, and job seekers. Several hundred people attended the workshops, and Iowa Gov. Kim Reynolds, Des Moines Mayor Frank Cownie, and U.S. Senator Joni Ernst spoke at the event about the important role digital training and public libraries play in the future of Iowa's economy and society.

This summer, the North Side Library was awarded funding by the American Library Association's Libraries Lead Initiative, to empower Des Moines area job seekers with digital skills using Grow With Google tools.

The job seekers course will give you guidance in searching for job opportunities, developing the skills you need to find and apply for your next job. We'll teach you to use Google Tools in order to create an email account, build a simple resume, and apply for jobs. Please register in advance. You may do so by calling 283-4152 ext. 3 or by going to [dmpl.org](http://dmpl.org) and finding this event in the events calendar.

## CODE CAMPS, PRESENTED BY THE SCIENCE CENTER OF IOWA

The Forest Avenue Library and Science Center of Iowa are partnering to teach coding skills

to kids. On Thursdays throughout the fall, the library will host three different "Code Camps," each of which is four weeks long.

The first camp, Mobile Apps, will teach students basic coding concepts and have them work together to create and test different apps. The second camp, Robotics, will give students the skills to program robotics kits, like Sphero and Hummingbird, bringing ideas to life from their mind. The final camp, E-Textiles, will see coders learn to program a micro-controller, eventually creating their own clothing accessory.

Each camp will run for four weeks, on Thursdays from 4:00-5:30 PM. Dates are below. You may register for one or more camps by going to [dmpl.org](http://dmpl.org) and finding this event on the event page, or by calling 283-4152 ext. 3.
